Huge problem with storm water with new walks and construction in the downtown area. Storm drain not handling it. Tenants complaining to us about it to get the town to do something.

Per Mike Faw in Public Works, there was a sewer replacement on this property. The yard is now a mess with dirt and sediment, and is now going off the property into the Town's right-of-way. A permit was pulled for the work. The contractor was Moser Electric, LLC. Permit #PL-1601605.

Property owner: Stephen C. Solis. Per ACS - 540-314-3078
 TM# 71.6-1-38
