

Statement of the Fiscal Year 2023-2024 Audit

The annual financial audit for fiscal year 2023-2024 is currently pending. As a result of regular and ongoing discussions between staff and the Town's auditors, there are no concerns with the audit's content. The delays resulting in the audit's pending status have resulted primarily from situations beyond the staff's control due to staff shortages and schedule changes.

The anticipated completion date of the audit is on or before June 30, 2026.

Thank you for your understanding and patience as we take the time and steps necessary to complete this audit appropriately and accurately.
